Real Estate, Avon, CO, (970) 845-2042, slifer.net

**Irresistible Details** The gated community of Red Canyon Estates has an incredible new addition. This brand new home, named Waterstone, is a true mountain getaway situated on 35 acres just 10 minutes from Edwards, Colorado. This unique property, constructed of stone, glass, patinaed copper and weathered steel, fits in beautifully with its dramatic site. A stone patio provides ample room for entertaining and looks out over water features and ponds. Inside, the gourmet kitchen features steamed beechwood cabinetry trimmed in patinaed steel and high-end appliances. Custom picture windows and a natural stone fireplace provide grand focal points in the great room. Take the elevator to the "office lookout" and enjoy mountain views and clear, star-filled skies. The secluded master suite includes a private study, fireplace, his-and-hers dressing rooms and an elegant oversized bath. Vaulted ceilings, massive beams and top-of-the-line finishes complete this home, one of the finest examples of new construction in the Vail Valley.
